

FREE PRINTABLE · HOME CHECKLIST

Your home checklist

A practical task list for your home’s water, air and moisture. Fill in what you know, mark what you don’t, and turn it into dated tasks on page 3.

HOW TO USE THIS WORKSHEET

Use this worksheet to organize information you already have and questions you still need to answer. Unknown is an acceptable entry. Check current official instructions before purchasing, testing or maintaining equipment. Keep your completed copy privately; do not send it to this website.

! **First: a current fire, gas concern or sounding CO alarm?** Stop this checklist. Leave the affected area and follow emergency-service or utility instructions. Contact local emergency services for an immediate emergency.

01 Your home

Date started _____ Occupancy ☐ Owner ☐ Renter ☐ Other

If you rent, building-work tasks belong with your property manager: note what to report rather than repairing it yourself.

02 Water source and report

Water source

☐ Public supply ☐ Private well ☐ Other ☐ Unknown

Supplier name or well details _____

Current supplier report or testing record

☐ Have current supplier report or testing record ☐ None ☐ Unsure

Where it is kept _____ Date on it _____

Public supply: find your supplier’s Consumer Confidence Report. Private well: check local testing guidance. Unknown: identify the supplier first (a water bill or your property manager) before choosing any test.

03 Air task and equipment

Air task

☐ Compare particle cleaner ☐ Understand monitor ☐ Organize maintenance ☐ Unsure

Room _____ Room size (ft) _____ × _____ × _____

Equipment records

☐ Have filter/model instructions ☐ Missing ☐ No equipment

Equipment you already have, and where its instructions are

04 Four rooms: what you observed and what it needs

Record only what you can observe safely: an active leak, recurring condensation, staining or visible growth, without moving heavy furniture or opening walls. “Unknown” is an acceptable entry.

01 Bedroom Room size, equipment placement, filter instructions and visible condensation.

MOISTURE SIGNS	☐ Active leak	☐ Recurring condensation	☐ Stain or visible growth	☐ None noticed	☐ Unknown
OBSERVATION	ACTION				

Room checklist with five checks: healthyhomeaudit.com/rooms/bedroom/

02 Kitchen Ventilation controls, accessible plumbing, your drinking-water source and filter records.

MOISTURE SIGNS	☐ Active leak	☐ Recurring condensation	☐ Stain or visible growth	☐ None noticed	☐ Unknown
OBSERVATION	ACTION				

Room checklist with five checks: healthyhomeaudit.com/rooms/kitchen/

03 Bathroom Condensation, staining, leaks, ventilation controls and what to report if you rent.

MOISTURE SIGNS	☐ Active leak	☐ Recurring condensation	☐ Stain or visible growth	☐ None noticed	☐ Unknown
OBSERVATION	ACTION				

Room checklist with five checks: healthyhomeaudit.com/rooms/bathroom/

04 Basement Water entry, dampness, equipment access and prior radon-test information.

MOISTURE SIGNS	☐ Active leak	☐ Recurring condensation	☐ Stain or visible growth	☐ None noticed	☐ Unknown
OBSERVATION	ACTION				

Room checklist with five checks: healthyhomeaudit.com/rooms/basement/

05 Task list

Turn each observation into one task. Add the responsible person, a date and the official source you will check.

#	TASK	RESPONSIBLE PERSON	DATE	DONE	OFFICIAL SOURCE
1				☐	
2				☐	
3				☐	
4				☐	
5				☐	
6				☐	
7				☐	
8				☐	
9				☐	
10				☐
